

Customer information concerning

BIS CERTIFICATION ACCORDING TO IS 6911:2017

This letter serves to formally confirm that the following Outokumpu mills have been granted valid IS 6911:2017 approval for their stainless steel plate, sheet, and strip products:

Finland

- Outokumpu Stainless Oy

Germany

- Outokumpu Nirosta GmbH, Site Dillenburg
- Outokumpu Nirosta GmbH, Site Krefeld

Sweden

- Outokumpu Press Plate AB
- Outokumpu Stainless AB, Site Avesta
- Outokumpu Stainless AB, Site Degerfors
- Outokumpu Stainless AB, Site Nyby

These mills have successfully met all the stringent requirements and standards as outlined in the IS 6911:2017 specification. The approval underscores their commitment to maintaining high-quality production processes and adherence to industry standards.

Please note that the approvals for these certificates are updated regularly to ensure ongoing compliance. The BIS approval does not automatically mean, that all materials produced by a mill are BIS compliant and marked as such. Each order must be logged with a BIS certificate, and the material must be physically present at the mill before it can be marked as BIS compliant. For further information on the mill specific certificates, you may visit the Bureau of Indian Standards (BIS) [website](#).

Should you require any additional information or assistance, please do not hesitate to contact us.
